

IDS7623

Drum scale

SDS LOAD CELL
HIGH PRECISION
& PERFORMANCE

Drawing
UNIT (mm)

Structural Features

- High resolution
- Two-layer frame , impact resistance and long - term stability
- Special buffer device to protect the load cell
- Polyurethane roller, for cylinders of different diameters
- Carbon steel platform : shot blasing, spray paint processing
- Stainless steel platform surface is polished and wire drawn
- Four alloy steel or stainless steel load cells

Capacity & Resolution table

Model	Drum scale				
Capacity (kg)	500	600	750	1000	2000
Division (kg)	0.05	0.05	0.1	0.1	0.2
